**Good Night, Mr. Tom** Michelle Magorian 1986-11-13 London is poised on the brink of World War 11. Timid, scrawny Willie Beech -- the abused child of a single mother -- is evacuated to the English countryside. At first, he is terrified of everything, of the country sounds and sights, even of Mr. Tom, the gruff, kindly old man who has taken him in. But gradually Willie forgets the hate and despair of his past. He learns to love a world he never knew existed, a world of friendship and affection in which harsh words and daily beatings have no place. Then a telegram comes. Willie must return to his mother in London. When weeks pass by with no word from Willie, Mr. Tom sets out for London to look for the young boy he has come to love as a son.

Key Issues in Organizational Communication Owen Hargie 2004-02-24 It is often said that the practice of management is in crisis, and that managers are now finding it harder than ever to develop strategies which withstand the shocks of the marketplace. This illuminating book cuts through these conflicting issues to show how organizational communication plays a vital role in confronting uncertainty. Arguing that many managers fail to adequately consider the communication consequences of the decision making process and its impact on organizational effectiveness, Hargie and Tourish present here numerous organizational communication insights, and show how they reveal a way through these dilemmas. Based on cutting-edge research findings and case studies, this book features contributions from the UK, USA, Canada, New Zealand and Norway, bringing multiple perspectives to this topical subject. The result is a comprehensive guide to organizational communication useful for managers, academics and students.

**Transforming Teacher Education** Valerie Hill-Jackson 2012-03-12 Extracts from the text: "Why are fifteen million children and youth in poverty not achieving when we know that low-income students excel in the classrooms of "star" teachers (who comprise approximately 8 percent of the teaching force)?" "Whose needs or interests are being met in education reform today?" "In my own institution, there has not been a systematic assessment of the effectiveness of the basic teacher education program since the

institution was founded over a century ago as a teachers college. Imagine, not one ever!" "Teachers who empathize with students and the life challenges they face soon realize that the dysfunctional bureaucracies will not permit them to meet the needs of their students. Half of the starry-eyed beginners are gone in five years or less." "Why does teacher education focus on the managerial, instrumental or delivery system aspects of the profession?" "The expert advice dispensed by schools of education regarding what future teachers should do is not connected to any theory of learning, or to any reality of life in school classrooms." "Why has the recruitment process resulted in a cohort of teachers who are unable to connect with their students?" "Does a qualified teacher equate to a quality teacher?" "The best hope of getting more effective teachers from university teacher preparation programs is to base their budgets on the number of their graduates who serve in challenging schools and their effectiveness with children and youth. At the district level, the salaries of hiring officials should be based on how well these officials identify and retain quality teachers." In this book, 12 distinguished scholars provide a hard-hitting, thoroughly researched, historical and theoretical critique of our schools of education, and offer clear recommendations on what must be done to ensure all children can achieve their potential, and contribute to a vibrant, democratic society.
