[Women in Nineteenth-Century Egypt](#) Judith E. Tucker 1985 The book provides a unique account of the very active economic, social and political roles of nineteenth-century women.

[From Father's Property to Children's Rights](#) Mary Ann Mason 1994 The recent exponential increase in the number of custody disputes due to divorce, adoption, surrogate motherhood, and artificial insemination makes child custody one of the most hotly debated issues in America today. From Fathers' Property to Children's Rights seeks to clarify fundamental questions about the rights of children and parents in our society through a unique and provocative analysis of child custody in the United States from colonial times to the present. The book gracefully combines historical and legal scholarship in an unusually rich perspective on the history of children and their parents. Mason consistently draws on this history to illuminate contemporary issues - the current emphasis on biological parenthood, the proliferation of reproductive technologies, and the growing use and misuse of the social sciences. The author presents crucial periods of change in social attitudes and the law regarding child custody: the adaptation of English common law in the colonial period, the move toward maternal preference and child welfare in the early twentieth century, the advent in the 1970s of no-fault divorce and joint custody, and the growing influence of the social sciences, especially psychology, in contemporary custody disputes. Mason connects these transformations to the changing status of women with respect to culture, law, and politics. In the nineteenth century the political crusade for women's property rights and the cult of motherhood favored the woman in custody battles. In our time Mason shows that the move away from maternal preference toward equal custodial rights was promoted by feminists' struggle for equal political rights and a new theory of equal parenting supported by social scientists. Based on extensive research in case law, legislation, and social history, Mason's timely analysis of current child custody issues is a must for professionals as well as for those interested in family and social history, legal and women's studies, and child welfare in America.

[The 10 Stupidest Mistakes Men Make When Facing Divorce](#) Joseph Cordell 2010-12-07 The Knowledge Every Man Needs for a Successful Divorce Each year 500,000 men will face divorce, and most of them make at least one crucial—and often irreversible—mistake. These errors might seem minor, such as moving out while things get sorted out, or thinking of “temporary” orders as being truly temporary. But when they get to court, these men discover they have put themselves in a terrible position. They may have to give up their house, pay impossibly high alimony, or even lose custody. You could be one of these men. But you don't have to be. Joseph Cordell, the founder of the nation's largest law firm focusing on men's divorce and the creator of DadsDivorce.com, has seen the consequences of the mistakes men make. Drawing upon the huge number of cases that Cordell & Cordell has handled, this book identifies the 10 most common mistakes that end up hurting men in divorce. Cordell demystifies the divorce process, explains what judges consider in making their final decisions, and lays out a road map for positive actions men can take to achieve the best possible outcome. No man should face divorce without this book.

Community and the Law Takao Tanase 2010-01-01 Takao Tanase seamlessly combines sociolegal and philosophical analysis as he explores the tensions between individual legal rights and communitarian values in settings ranging from post-divorce visitation rights to tort liability, lawyer client relationships, and rising litigation rates. Contrasting Japan with the individualistic thrust of American law, Tanase stresses the importance of building legal processes that encourage stronger social and communal bonds. Students of law and society on all continents will find rich food for thought in this intellectually bold and intriguing volume. Robert A. Kagan, University of California, Berkeley, US Takao Tanase s Community and the Law is a path breaking and often surprising interpretation of legal culture in Japan which includes subtle analyses of the changing role of lawyers and courts and the extent to which modernity and reliance on law are interlinked. But it is much more than that. His reflections on the different way law responds to social dilemmas in Japan and the USA are the building blocks of a much more ambitious project no less than constructing a coherent account of what law can and should do to maintain communal ties in postmodern times. The book is a pleasure to read for its learning and sophistication. Nottage and Wolff also deserve high praise for their light touch as editors and translators. David Nelken, University of Cardiff, UK and University of Macerata, Italy This important book translates seven landmark essays by one of Japan s most respected and influential legal thinkers. While Takao Tanase concedes that law might not matter as much in Japan as it does in the United States, in a provocative challenge to socio-legal researchers and comparative lawyers, he asks: why should it? The issue, he contends, is not whether law matters to society; it is how society matters to law. Developing a descriptive and normative theory of community and the law, the author directly challenges the view that legal liberalism represents the pinnacle of legal achievement. He criticises liberalism for destroying community in the United States and for offering false hope for a delayed modernity in Japan. By applying a distinctive interpretivist methodology, he constructs a communitarian model of law and society that serves as an alternative to legal liberalism. The book challenges conventional understandings of such legal sociological staples as torts, lawyers ethics, family law, human rights, constitutionalism and litigiousness. This fascinating book will prove a stimulating, thought provoking read for researchers and scholars of law, Japanese and American studies, sociology and jurisprudence.

Understanding Social Problems Linda A. Mooney 2021-05-06 Learn to think through today's complex social issues from a variety of perspectives with UNDERSTANDING SOCIAL PROBLEMS, 11E by award-winning authors Mooney, Van Willigen and Clever. This reader-friendly approach highlights the latest data, policies, theories and relevant examples as you examine the most important social issues facing the world in 2021. You review the long-term impacts of COVID-19, repercussions of the 2020 election and emerging social movements. Quotes from prominent celebrities and captivating features emphasize how today's social problems affect your own life and those around you. This edition progresses from studying micro problems related to health care, drugs and alcohol, families and crime to examining larger issues of poverty and inequality, population growth, aging, environmental problems, science and technology and world conflict. The latest content helps you develop the tools to understand institutional change and become socially engaged. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

[The Social History of the American Family](#) Marilyn J. Coleman 2014-09-02 The American family has come a long way from the days of the idealized family portrayed in iconic television shows of the 1950s and 1960s. The four volumes of The Social History of the American Family explore the vital role of the family as the fundamental social unit across the span of American history. Experiences of family life shape so much of an individual's development and identity, yet the patterns of family structure, family life, and family transition vary across time, space, and socioeconomic contexts. Both the definition of who or what counts as family and representations of the “ideal” family have changed over time to reflect changing mores, changing living standards and lifestyles, and increased levels of social heterogeneity. Available in both digital and print formats, this carefully balanced academic work chronicles the social, cultural, economic, and political aspects of

American families from the colonial period to the present. Key themes include families and culture (including mass media), families and religion, families and the economy, families and social issues, families and social stratification and conflict, family structures (including marriage and divorce, gender roles, parenting and children, and mixed and non-modal family forms), and family law and policy. Features: Approximately 600 articles, richly illustrated with historical photographs and color photos in the digital edition, provide historical context for students. A collection of primary source documents demonstrate themes across time. The signed articles, with cross references and Further Readings, are accompanied by a Reader's Guide, Chronology of American Families, Resource Guide, Glossary, and thorough index. The Social History of the American Family is an ideal reference for students and researchers who want to explore political and social debates about the importance of the family and its evolving constructions.

Forced Absence Screenplay Pius A Uzamere 2014-12-10 Imagine waking up one Saturday morning to the sound of loud banging at your door. You call out to your wife, "Sweetie, answer the door " But your spouse and the kids are gone. The knocks keep coming. You open the door and see two burly Sheriff's Deputies at your door who inform you that your spouse has filed a Protection From Abuse order against you and that you've got twenty minutes to get your things out of the house and vacate the premises. You are dumbfounded because you've never had a fight with her and violence was never part of the equation for you. You argue that there must be a mistake, but your pleas fall on deaf ears. You realize numbly that, to them, you sound just like the brutes who actually do abuse the ones they love. You get dressed, grab a few things, and frantically make some calls as you watch the Deputies install padlocks on your doors. Eventually you leave and drive to your parents' house, hoping that you'll be back home in a couple of days after the matter has been resolved. Unbeknownst to you, you will never step foot in your home again. The truth is, your spouse has a new love in her life and used a PFA order to get rid of you and move the lover in. Your wife's new lover is now your children's new daddy. Welcome to the life of Tim Olson. Tim was a victim of this scenario, except that Tim wasn't the husband . . . he was the child. when Tim's mother accused his father of abuse that never happened, she drove Tim's father into financial and emotional ruin. When Tim grew up and learned the truth, he didn't just get mad he got even, with tragic results. Through interviews with actual litigants, mental health professionals, lawyers, and victims, we learn about the undercurrent of post-nuptial turmoil now boiling over in family courts across the country in the form of child custody and visitation battles, false allegations of abuse, corrupt judges, and unaffordable child support awards. The system is broken and the results it has on the families who go through it is devastating. The laws of various jurisdictions in the United States encourage and reward greed while discouraging civility and co-parenting. Forced Absence is a story of love and hatred, greed and vengeance, and the effects of a corrupt and inefficient family court system which is being exploited by husbands, wives, and live-in partners seeking to destroy one another. This documentary is an assembly of capsulized true events in the lives of several victims. To the extent possible, the participants are the actual individuals involved. To protect the innocent and their privacy, some re-enactments and technical changes were incorporated. This book, which is written in screenplay format, is a derivative of the feature motion picture.

Child Neglect Diane DePanfilis 2006

Sociology of Families Cheryl Albers 1999-03-11 "Cheryl Albers' reader for use in family sociology courses is a cutting edge collection of articles about cutting edge topics. She addresses nine topics central and critical to family sociology and provided thoughtful articles from diverse perspectives for each, from adolescent childbearing to the construction of family policy. This volume of readings is where the students are. It could enrich any instructor's approach to the burning questions in the field of family sociology." Dana Vannoy, University of Cincinnati

A Handbook of Divorce and Custody Linda Gunsberg 2013-04-15 The Handbook of Divorce and Custody brings together mental health professionals and forensic specialists dedicated to working in the legal arena with families in crisis. Section I provides the individual perspectives of experienced clinicians, all of whom share a psychodynamic and developmental purview, and supplements their accounts with the viewpoints of a lawyer and a judge. Section II examines parental psychopathology, which is often at the root of family conflict and turmoil. Section III deals with the nature and extent of the state's potential involvement with the family, from ensuring parents' rights to raise their children to identifying those circumstances that justify the termination of parental rights. The remaining three sections follow the progressive issues engaged by divorcing families as they work their way through the legal system: forensic evaluation, post-divorce legal arrangements, and the emotional aftermath of divorce, including indications for various types of therapeutic intervention. Through the Handbook, contributors pay special attention to a set of core issues that underlie - and complicate - the evaluations, recommendations, and judicial determinations that enter into the divorce/custody process. Specifically, they focus on the inherent conflict between the family's right to privacy and the state's commitment to the best interest of children; the increasingly uncertain question of what constitutes a family and who has the right to legal standing; the problematic role of fathers in the lives of their children; the nature of the evaluation process and the role of the forensic expert in a "good enough" evaluation; the important differences between the role of therapist and the role of evaluator; and, finally, the impact of divorce itself on the lives of today's children.

[Women in Early America](#) Dorothy A. Mays 2004 This volume fills a gap in traditional women's history books by offering fascinating details of the lives of early American women and showing how these women adapted to the challenges of daily life in the colonies. * Nearly 200 A-Z entries on women's lives, contributions, and struggles during the years of early America * Illustrations of the habits of dress, material goods, and buildings that reflect the culture of these women * Extensive annotated bibliography of recommended readings covering legal issues, ethnic groups, customs, and novels set during the era * Sidebars highlighting interesting experiences of early American women *Child Mental and the Law* Barry Nurcombe 2010-06-15 The legal aspects of child mental health have changed in recent years, yet many who deal professionally with disturbed children are ill informed about the rights and responsibilities of minors. Child Mental Health and the Law addresses the need for a comprehensive, up-to-date text that describes the evolution of child mental health law and the relevance of the law to the child mental health clinician.

Child Support Enforcement Program Reform Proposals United States. Congress. Senate. Committee on Finance 1984

British Evangelical Identities Past and Present, Volume 1 Mark Smith 2009-04-01 The nature of evangelical identity in Britain is both a perennial issue and an urgent one. This is especially the case because evangelical Christianity has, throughout its history, been characterized by a remarkable degree of dynamism and diversity. These essays, by a distinguished list of contributors, explore the issue of evangelical identity and the nature of evangelical diversity by investigating the interactions of evangelicalism with national and denominational identities, race and gender, and its expression in spirituality and culture from the evangelical revivals of the eighteenth

century to evangelical churches and movements of the present. A second volume will investigate similar issues in relation to evangelical interactions with the Bible and theology. Contributors: Rob Ambler, Andrew Atherstone, Kristin Aune, David W. Bebbington, David Goodhew, John Harvey, Andrew R. Holmes, David Ceri Jones, Ian Jones, Rachel Jordan, David Killingray, Ian Randall, Mark Smith, Brian Talbot, Peter Webster, Martin Wellings, and Eryn White.

Traumatic Divorce and Separation Lisa Fischel-Wolovick 2018-03-23 Traumatic Divorce and Separation integrates the conflicting mental health perspectives concerning trauma theory and the study of divorce, in what the author has termed "traumatic divorce" -- that is, divorce complicated by the high-risk factors of domestic violence, mental illness, and/or substance abuse. The text's interdisciplinary discussion examines issues of financial disparities for women following divorce, traumatic symptoms in children and adults, and the legal controversies about the admissibility of psychological theories related to abuse. The author also addresses: domestic violence as a gendered crime against women; the need for a trauma-informed judicial response; and the need for a systemic judicial response that incorporates an understanding of domestic violence and child maltreatment to provide services and protections. The book is an invaluable resource for professionals and academics in social work, forensic psychology, law, and related mental health fields, as well as academics interested in gender based discrimination in the courts.

Battered Women in the Courtroom James Ptacek 1999 For the first time, a study of the ways in which judges respond to abused women.

Mothers on Trial Phyllis Chesler 1986 A renowned psychologist examines the historical, cultural, and psychological bases for a mother's custody of her child and the emotional consequences on mother and child when custody is awarded to the father

Grandparents Ursula Adler Falk 2002 What image comes to mind when we hear the term grandparents? Too often it is the Norman Rockwell view of innocuous, kindly white-haired folk or, conversely, the negative stereotype of doddering dim-witted burdens confined to nursing homes. Unfortunately, such notions shortchange not only older people but younger generations as well, who may never realize how much grandparents have to offer. This informative, well-researched book aims to add some perspective and depth to the stick-figure images of grandparents promulgated by contemporary culture. Psychotherapist Ursula Falk and sociologist Gerhard Falk provide an illuminating overview of the many facets of being a grandparent in today's society. Among the topics discussed are the history of the grandparent role and its evolution, social forces that have affected the American family including grandparents, the distinctly different roles of grandmother and grandfather, the parental responsibilities that grandparents today are often forced to assume for their grandchildren in the absence of the children's parents, the ways in which other cultures treat grandparents, the usually negative and stereotypical depiction of grandparents in the media and in literature, and finally the supporting role that grandparents play with authentic examples. Also included is an appendix outlining the legal rights of grandparents. The authors stress that grandparents must be seen as individuals with their own lives to lead and that society needs to reassess the value of the elderly. Ursula Adler Falk, Ph.D. (Kenmore, NY), is a psychotherapist in private practice and a nursing home consultant. She is the author of a number of books, including *On Our Own: Independent Living for Older Persons*. Gerhard Falk, Ph.D., is professor of sociology at the State University of New York College in Buffalo, NY, and the author of many books, including *Stigma: How We Treat Outsiders*.

Divorce Alison Clarke-Stewart 2007-11-02 This comprehensive book provides a balanced overview of the current research on divorce. The authors examine the scientific evidence to uncover what can be said with certainty about divorce and what remains to be learned about this socially and politically charged issue. Accessible to parents and teachers as well as clinicians and researchers, the volume examines the impact of marital breakup on children, adults, and society. Alison Clarke-Stewart and Cornelia Brentano synthesize the most up-to-date information on divorce from a variety of disciplinary perspectives with thoughtful analysis of psychological issues. They convey the real-life consequences of divorce with excerpts from autobiographies by young people, and they also include guidelines for social policies that would help to diminish the detrimental effects of divorce.

Women and the Law Ashlyn K. Kuersten 2003-01-01 Provides a history of the legal rights of women from the Revolutionary War, discussing court decisions, legal triumphs, key people, and present day causes.

Building a Parenting Agreement that Works Mimi E. Lyster 2005 Building a Parenting Agreement That Works presents a step-by-step method for overcoming the obstacles and putting together a parenting agreement during and after a divorce that everyone - especially children -- can live with. Readers learn how to: § minimize conflict § identify a child's needs and concerns § negotiate effectively § accommodate the special needs of nontraditional families § use state-by-state charts to get an overview of custody laws § and much more. The book includes checklists and worksheets to make it easy to put together a comprehensive agreement. It also covers custody law in all 50 states and includes fill-in-the-blank custody agreement.

Co-parenting with a Toxic Ex Amy J. L. Baker 2014-05-01 Protect your child from alienation and loyalty conflicts. During and after a difficult divorce, it's easy for your relationship with your kids to become strained—especially if you are dealing with a toxic ex who bad-mouths you in front of your children, accuses you of being a bad parent, and even attempts to “replace” you with a new partner in your children’s lives. Your children may become confused, conflicted, angry, anxious, or depressed—and you may feel powerless. But there is help. In this guide, you'll discover a positive parenting approach to dealing with a hostile ex-spouse. You'll learn the best ways to protect your children from painful loyalty conflicts, how to avoid parental alienation syndrome, and techniques for talking to your children in a way that fosters honesty and trust. Co-parenting with a toxic ex can be challenging, but with the right tools you can protect your kids and make your relationship with them stronger than ever.

Potential Inequities Affecting Women United States. Congress. Senate. Committee on Finance 1983

Clinician's Guide to Child Custody Evaluations Marc J. Ackerman 2006-02-02 "The Clinician's Guide to Child Custody Evaluations, Third Edition is written by one of the leaders in the field. It is as essential to the subject of child custody as the stethoscope is to medicine. This edition, an update of a classic, is a must-read for everyone from the novice to the expert's expert." - Leslie M. Drozd, PhD, Editor, Journal of Child Custody A practical and comprehensive guide for conducting child custody evaluations. Clinician's Guide to Child Custody Evaluations addresses the entire custody evaluation process from beginning to end. This New Third Edition reflects the abundant recent research in this area, including new evaluating and testing findings and new ethical guidelines from the APA. This edition also features fully up-to-date coverage of important legal decisions affecting child custody. With many chapters completely revised and rewritten, the third Edition covers: * Roles the mental health Practitioner can play and operate within the legal arena * What encompasses a custody evaluation * Ethical considerations and responsibilities involved in custody disputes * How to interview, make behavioral observations, and collect collateral information * Standards, applicability, and administration of tests * Specialized child custody instruments such as the Ackerman-Schoendorf Scales for Parent Evaluation of Custody (ASPECT) * How divorce affect families * Evaluating parents' behavior * How to prepare for the courtroom process * Maltreatment, including neglect, abuse, and domestic violence * Placement schedules * How to write reports, draw conclusions, and render opinions Each chapter ends with critical issues for the practitioner to consider. The accessible reference format

provides a quick review of relevant discussions in the text. In addition, this book includes convenient guides to relevant legal terms, documents forms, APA guidelines, and codes of conduct. Based not only on current research but also on the author's considerable experience with thousands of evaluations, Clinician's Guide to Child Custody Evaluations is the definitive guide to this field for students and practitioners.

Modern Family Law D. Kelly Weisberg 2020-02-02 Exploring the conflict between respect for privacy and deference to state authority in the context of family law today, each chapter in the Seventh Edition of Modern Family Law: Cases and Materials provides a lens to explore the appropriate role of the state in family decision making and helps equip students to handle current and emerging family law issues. The book features riveting well-edited cases, notes, interdisciplinary materials, and problems that highlight issues of gender, sexualities, race, and class. Integrating legal developments with perspectives from history, psychology, sociology, medicine, and philosophy, this casebook uniquely reflects the full diversity of the modern family, including key updates on marriage equality and parentage issues for LGBT-headed families, the nonmarital family, abortion, adoption, and assisted reproductive technology. New to the Seventh Edition: The latest Supreme Court family law cases (Whole Woman’s Health v. Hellerstedt; Masterpiece Cakeshop; Pavan v. Smith; Sessions v. Morales-Santana), and previews of upcoming cases (June Medical Services v. Gee and Bostock v. Clayton County) In-depth coverage of important recent uniform and model legislation (Uniform Parentage Act (2017); Uniform Nonparent Custody and Visitation Act (2018); pending VAWA Reauthorization Act (2020), ALI Restatement of Children and the Law (2019-2020), and ABA Model Act Governing Assisted Reproduction (2019) Landmark recent state and federal decisions (including LGBT rights, breastfeeding discrimination/accommodations, contraceptive fraud, divorce discrimination, marital paternity presumption, marital communications privilege, abortion restrictions, minors’ abortion rights, name disputes, challenges to state polygamy laws, parentage rights in multi-parent families, spousal spying for infidelity, and much more) Professors and students will benefit from: A mix of “classic” and cutting-edge materials illuminate family law’s past and its continuing development in an era of exciting change Materials—such as narratives, epilogues, personal communications, social science perspectives, and comparative information—bring family law to life and Thoughtfully organized materials clearly present basic principles and doctrines, while inviting policy-based reflections and questions about law reform Provocative questions and Problems based on cases and current events will spark lively class discussions

Single Parent Families Marvin B Sussman 2014-05-12 Here is a comprehensive source of vital information on single parent families in contemporary society. This book analyzes literature and empirical research concerning single parent families and explores issues and challenges they face. Contributing authors from many fields and perspectives examine a broad range of subjects relating to families in which one person is primarily responsible for parenting. The only state-of-the-art compendium on the topic of single parent families available today, the book synthesizes empirical, theoretical, and contemporary literature about the diversity, myths, and realities of single parent families in western countries. Each chapter contains a demographic overview, definitions, a literature review, and implications for practice, research, education, and social policy. Theoretical and conceptual perspectives related to parenting and wider families are included. An analysis, synthesis, and commentary on single parent families concludes the volume. Themes highlighted throughout the book include socioeconomic and demographic characteristics of single parent families, cultural and ethnic features, and legal and ethical components. Some chapter topics include: single parenthood following divorce single parenthood following death of a spouse never married teen mothers and fathers female-headed homeless families adoptions by single parents noncustodial mothers and fathers grandparents as primary parents single parents of children with disabilities Single Parent Families contains additional resources useful for family professionals: an annotated bibliography, a video/filmography, and a national community resource list. The book is intended for a multidisciplinary audience, including sociologists, psychologists, health care professionals, social workers, therapists, and other researchers, clinicians, policymakers, and educators. An ideal primary or reference text for undergraduate and graduate level programs, the book can also serve as a tool for staff development and continuing education in service agencies.

Principles of the Law of Family Dissolution American Law Institute 1990

Out of Touch Geoffrey L. Greif 1997-04-03 The breakdown of the family has moved in recent years to the forefront of national consciousness. All manner of social ills, from poor academic performance to teenage drug use and gang crime, have been attributed to high divorce rates and the collapse of the traditional two-parent family. Targets of particularly harsh criticism are parents who lose all contact with their children after a divorce. So-called "deadbeat dads" are denounced in political speeches and ridiculed on billboard advertisements; mothers who lose touch with their children are stigmatized as emotionally unstable or lacking maternal instincts. Everyone seems to understand the importance of children being raised by two-parent families and the damage that can occur when one parent loses contact completely. What is significantly less clear is why this loss of contact occurs and what can be done to prevent it. In *Out of Touch*, Geoffrey Greif explores these issues with clarity, compassion, insight, and an evenhandedness rarely encountered in an arena far more susceptible to acrimonious debate than sympathetic understanding. Setting out to find the reality beneath the catchall categorization of out-of-touch parents as deadbeats, substance abusers, child mistreaters, or criminals, Greif focuses on those parents who tried and, for a vast array of reasons, failed to maintain contact with their children. It is their voices, in a discussion dominated up till now by the custodial parent, that we most need to hear, Greif argues, if we are to uncover ways to avoid such failures in the future. Rather than offering dry statistics and abstract generalizations, Greif lets us hear these voices directly in 26 in-depth interviews with estranged parents and with children caught in the crossfire of painful divorces. Extending over a period of two to ten years, these interviews, and Greif's perceptive analyses of them, reveal the whole spectrum of logistical, emotional, and legal difficulties that keep parents and children apart. From the ordinary problems of visitation rights and child support to the more complex and troubling issues--bitter court battles, accusations of sexual abuse, domestic violence, children rejecting a parent, child kidnapping, and many others--*Out of Touch* vividly and often heartbreakingly presents all the ways that fathers and mothers, even with the best intentions, can lose contact with their children. But the book does more than tell the stories of failed relationships. Its concluding chapter offers a series of specific and extremely helpful suggestions for families--parents, children, grandparents--who find themselves in danger of complete estrangement. Greif outlines how families can employ support systems, communication skills, mediation, and many other strategies to overcome the most difficult obstacles that occur after a divorce. It is here that the lessons gleaned from the broken relationships of the past become invaluable advice for the future. Informed by fresh perspectives, moving personal accounts, and a clear-sighted approach to a tangled issue, *Out of Touch* is a timely and deeply important book about both the forces that drive parents and children apart and the understanding that can keep them together.

Adult Children of Parental Alienation Syndrome: Breaking the Ties That Bind Amy J. L. Baker 2010-03-01 An examination of adults who have been manipulated by divorcing parents. Parental Alienation Syndrome (PAS) occurs when divorcing parents use children as pawns, trying to turn the child against the other parent. This book examines the impact of PAS on adults and offers strategies and hope for dealing with the long-term effects.

Encyclopedia of School Psychology Steven W. Lee 2005-04-27 The Encyclopedia of School Psychology is the first comprehensive guide to this field, featuring the latest research on school learning, motivation, and educational assessment. Approximately 250 entries by 175

contributing authors from psychology, education and counseling, child development, and special education address student success, behavior disorders, intelligence testing, learning disabilities, strategies to improve academic skills, and more.

The Modern Middle East Albert Hourani 1993-01-01 This valuable collection of essays brings leading Middle Eastern scholars together in one volume and provides an unparalleled view of the modern Middle East. Covering two centuries of change, from 1789 to the present, the selection is carefully designed for students and is the only available text of its kind. It will also appeal to anyone with a general interest in the Middle East. The book is divided into four sections: Reforming Elites and Changing Relations with Europe, 1789-1918; Transformations in Society and Economy, 1789-1918; The Construction of Nationalist Ideologies and Politics up to the 1950s; and The Middle East since the Second World War. Family Law Handbook S. Joel Kolko 1985 This desktop resource book contains the texts of major federal and state family law legislation with commentary. Some of the statutes and regulations in the volume, include: the Domestic Relations Tax Reform Act, Parental Kidnapping Prevention Act, IRS Guidelines on Alimony and Property Division, and other related materials.

Fathers Under Fire Judith A. Seltzer 1998-11-01 "This important and highly informative collection of studies on nonresidentfathers and child support should be of great value to scholars and policymakers alike." —American Journal of Sociology Over half of America's children will

live apart from their fathers at some point as they grow up, many in the single-mother households that increasingly make up the nation's poor. Federal efforts to improve the collection of child support from fathers appear to have little effect on payments, and many critics have argued that forcing fathers to pay does more harm than good. Much of the uncertainty surrounding child support policies has stemmed from a lack of hard data on nonresident fathers. *Fathers Under Fire* presents the best available information on the financial and social circumstances of the men who are at the center of the debate. In this volume, social scientists and legal scholars explore the issues underlying the child support debate, chief among them on the potential repercussions of stronger enforcement. Who are nonresident fathers? This volume calls upon both empirical and theoretical data to describe them across a broad economic and social spectrum. Absentee fathers who do not pay child support are much more likely to be school dropouts and low earners than fathers who pay, and nonresident fathers altogether earn less than resident fathers. Fathers who start new families are not significantly less likely to support previous children. But can we predict what would happen if the government were to impose more rigorous child support laws? The data in this volume offer a clearer understanding of the potential benefits and risks of such policies. In contrast to some fears, stronger enforcement is unlikely to push fathers toward. But it does seem to have more of an effect on whether some fathers remarry and become responsible for new families. In these cases, how are subsequent children affected by a father's pre-existing obligations? Should such fathers be allowed to reduce their child support orders in order to provide for their current families? Should child support guidelines permit modifications in the event of a father's changed financial circumstances? Should government enforce a father's right to see his children as well as his obligation to pay support? What can be done to help under- or unemployed fathers meet their payments? This volume provides the information and insight to answer these questions. The need to help children and reduce the public costs of welfare programs is clear, but the process of achieving these goals is more complex. *Fathers Under Fire* offers an indispensable resource to those searching for effective and equitable solutions to the problems of child support.
